CLIENT GUIDE & WORKSHEET · INTERNATIONAL SHIPPING

Ship Your Own Package Abroad, Step by Step

You can send clothes, gifts, and care packages to El Salvador, Guatemala, Honduras, Venezuela, or anywhere in the world from home, and pay discounted commercial rates. This guide walks you through every step, from packing the box to dropping it off.

Our promise: We show you how to do it yourself first. You only pay us if you choose one of our optional in-office services. Questions? Call **303-500-4122**.

Which shipping website should I use?

We recommend Pirate Ship. Shippo is a good alternative.

Free to use

No subscription and no monthly fees. You only pay for the label you buy.

Discounted commercial rates

The same lower postal prices businesses get, often far cheaper than paying at the counter.

Simple Export Rate (under 4 lb)

A Pirate Ship service for light packages: Length + Width + Height up to 36 in, value up to $400, about 1 to 4 weeks.

Heavier boxes up to 70 lb

Commercial USPS and UPS rates. The limit depends on the carrier and country; the website warns you if a box is too heavy.

THE WEBSITE IS IN ENGLISH

You can see it in Spanish with Google Chrome:

1. Open the website in **Google Chrome**.
2. **Computer:** right-click anywhere on the page and choose **"Translate to Spanish"**, or click the translate icon in the address bar.
3. **Phone:** tap the **three dots (⋮)** and choose **"Translate"**.
4. Type names, addresses, and item descriptions exactly as they should appear on the label. Write item descriptions in simple English (for example, "Cotton T-shirts").

The first time, Pirate Ship may ask you to turn on Simple Export Rate through its website chat.

1

GATHER & PACK

Pack your items securely

1. Use a **sturdy double-walled box** for heavy or fragile items, or a **padded or poly mailer** for clothes and soft items.
2. Fill empty space with paper or bubble wrap so nothing moves when you shake the box.
3. Seal every seam with strong packing tape in an "H" pattern, top and bottom.
4. Remove or cover old labels and barcodes on reused boxes.

DO NOT PACK

Batteries, perfumes, aerosols, alcohol, cash, or medicines. These are restricted or prohibited in international mail.

2

MEASURE & WEIGH AT HOME

Get exact size and weight

Measure in inches (on the closed box)

- **Length** = longest side · **Width** = second-longest side · **Height** = shortest side
- Round up to the next whole inch (11.3 in → 12 in).

Weigh in pounds and ounces

- **Best:** a kitchen or postal scale.
- **Bathroom scale trick:** weigh yourself alone, then weigh yourself holding the box. The difference is the box weight.

YOU HOLDING THE BOX	YOU ALONE	BOX WEIGHT
172 lb	− 165 lb	**= 7 lb**

Always round up. A weight lower than the real one can cause extra charges or a returned package. **Write your numbers in the worksheet at the end.**

3

ACCOUNT & ADDRESSES

Create your account and enter the details

1. Go to **pirateship.com** and create a free account with your email.
2. Choose **"Ship"** and enter **your return address** in the U.S. (name, address, phone).
3. Enter the **destination address** completely:
   - Recipient's **full legal name**, as on their ID
   - **Phone number** with country code (see the table in Step 4)
   - **Street address**: colonia, calle or avenida, pasaje, house number, and zona if there is one
   - **A landmark** if the address has no number (for example, "100 m north of the church"). Add it to address line 2.
   - **City / Municipio** (for example, Santa Ana) and **Department / State** (for example, Santa Ana)
   - **Postal code**, if known, and **Country**
4. Enter the **box size and weight** from your worksheet.

4

DIGITAL CUSTOMS FORM · KNOW YOUR COUNTRY'S RULES

Declare your items honestly

List each type of item, how many, and its real value in U.S. dollars.

DESCRIPTION (IN ENGLISH)	QTY	VALUE EACH	TOTAL
Cotton shirts	3	$10.00	$30.00
Children's shoes	1	$25.00	$25.00
Total declared value			**$55.00**

- Choose **"Gift"** for a personal gift, or **"Merchandise"** if it was sold.
- Be specific: "Clothes" is too vague; "Women's cotton blouses" is better.
- **Always declare the real value.** Under-declaring can get a package held, re-valued, or returned.

TAXES DEPEND ON THE DESTINATION COUNTRY

Every country sets its own **tax-free limit** for personal packages. Below that amount a gift may enter free; above it, the recipient may pay import duty and VAT when the package arrives. Some countries charge VAT on almost everything.

- Send **personal quantities**. Many identical items (for example, 12 of the same shirt) look like merchandise for resale and are taxed or held.
- Ask your recipient what they paid on their last package, or check the customs website in the table below.

INCLUDE THE RECIPIENT'S ID NUMBER

Most customs offices in Latin America use the recipient's national ID to release the package. If the website shows a **"Tax ID"** field, enter it there. If not, add it to address line 2 (for example, "DUI 01234567-8"). A missing ID is one of the most common reasons packages are held.

COUNTRY	PHONE CODE	RECIPIENT ID TO INCLUDE	CUSTOMS AUTHORITY
El Salvador	+503	DUI	DGA – aduana.gob.sv
Guatemala	+502	DPI	SAT – sat.gob.gt
Honduras	+504	DNI	Aduanas Honduras – aduanas.gob.hn
Nicaragua	+505	Cédula de identidad	DGA – dga.gob.ni
Costa Rica	+506	Cédula de identidad	Hacienda – hacienda.go.cr
Panamá	+507	Cédula	ANA – ana.gob.pa
Venezuela	+58	Cédula de identidad (V- or E-)	SENIAT – seniat.gob.ve
Colombia	+57	Cédula de ciudadanía / NIT	DIAN – dian.gov.co

VENEZUELA: CHECK BEFORE YOU PACK

USPS service to Venezuela has been suspended and restarted several times in 2026. Check the **USPS international service alerts** the day you ship. If USPS is closed, Pirate Ship will not offer a USPS rate, and UPS may be the option. Venezuela also restricts many items by mail, such as new electronics and phones, cosmetics, perfumes, and some foods. Confirm with your recipient what is allowed right now.

RULES CHANGE

Customs limits and taxes change often in every country. Always confirm the current rules on the customs website or with your recipient before you ship.

5

COMPARE & BUY

Choose a rate and buy the label

Pirate Ship shows every available option with its price side by side.

OPTION	PRICE	DELIVERY	TRACKING	BEST FOR
USPS / Simple Export Rate	Lowest	About 1–3 weeks	May be limited after it leaves the U.S. The destination country's national postal service (for example, Correos de El Salvador) makes the final delivery.	Clothes, gifts, and care packages that aren't urgent
UPS / DHL / FedEx	Higher	Usually a few business days	Full door-to-door with one carrier	Urgent or higher-value packages

1. Pick the option that fits your budget and timeline.
2. Pay with your own card on the website.
3. Download the label as a **PDF** and save it to your phone or computer.

KNOW BEFORE YOU BUY

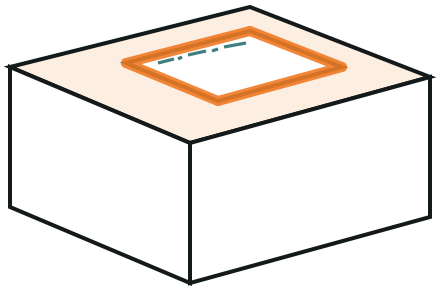

Labels do not prepay duties or taxes. If any apply, the recipient may pay them on delivery. Simple Export Rate does not include insurance.

6

PRINT & PLACE

Print the label and attach it correctly

LARGEST SIDE · 4 EDGES TAPED

1. Print at **100% ("actual size")**. If the PDF has a customs page, print **all pages**.
2. Place the label **flat on the largest side**, never over a seam, edge, or corner.
3. Tape **all 4 edges** with **clear** tape.
4. **Never** cover the barcode with dark or brown tape, and keep it free of folds and wrinkles.
5. Take a **photo of the label** on the box for your records.

Do it yourself, or let us help

OPTION A

Full DIY

Print at home, tape the label, and drop the package off at the carrier location yourself.

$0

No charge from us

OPTION B

In-office printing

No printer? Email us your PDF label, or bring it on your phone or USB. We print it for you.

$0.25 / page B&W

$1.00 per page in color. B&W is all a label needs.

OPTION C

Courier & drop-off

Can't get to USPS, UPS, or FedEx? Bring us your packed, labeled box and we take it to the official drop-off center.

$15.00 / package

Flat fee per package

Drop off your package

LABEL FROM	FIND A LOCATION	AT DROP-OFF
USPS / Simple Export Rate	USPS Locator or search "USPS drop off near me"	Hand it to a clerk and ask for a receipt. Free pickup can be scheduled at usps.com in many areas.
UPS	UPS Access Point locator or search "UPS drop off near me"	Ask for a drop-off receipt.
FedEx	FedEx location finder or search "FedEx drop off near me"	Ask for a drop-off receipt.

After drop-off: send the **tracking number** to your recipient so they know when to expect the package.

Shipping rules, rates, and customs limits can change. Servicios Quintana LLC provides this guide as general information. Please confirm current rules with the carrier and the destination country.
